**TERNA S.A.: Safe repatriation of 400 employees from Cyprus**

TERNA S.A., a member of GEK TERNA Group of Companies, announces that the process of secure repatriation of approximately 400 employees from Cyprus, previously located at the Group's subsidiaries construction sites is being completed, following the Cypriot government's decision to close all sites in the country.

For the vast majority of employees, the repatriation procedure is conducted through special flights organized by TERNA S.A. in collaboration with Aegean Airlines. At this point, we would like to take the opportunity to personally thank Mr. Eftichios Vassilakis, Chairman of Aegean Airlines, as well as to all the executives and employees of the company, for their contribution to the safe repatriation of our employees.

For repatriated employees, all procedures provided by the State and the National Public Health Organization (NPHO) are followed and GEK TERNA Group has ensured their safe transition to their places of residence, both inside and outside Athens.

The health and safety of its people has always been GEK TERNA's top priority. In this context, the Group has, since the beginning of the ongoing global public health crisis, prepared and implemented a comprehensive plan for the safe repatriation of its executives and employees worldwide, where deemed necessary and always in accordance to the decisions and directives of the international and national competent authorities.
